### U. S. HALTS STRIKE OF CITY FIREMEN

Blaze in Pittsburg Brings Situation to Acute Stage as Volunteers Work.

APPEAL TO WASHINGTON

Mayor Babcock's Telegram Causes Labor Board to Promise Aid in Settlement.

Pirrenuno, Aug. 24.-Eight hundred city fremen, who went out on strike at noon to-day, leaving the city without fire protection, suddenly returned to their stations to-night and the city, after six hours of much anxiety, and a thrilling few hours with a general alarm fire, now has its former fire fighting force on duty. The men passed a resolution at a meet-ing of the Firmen's Protective Associajust before 6 o'clock, agreeing to Teturn and immediately left the Labor Temple for the fire houses. This action was brought about through

or E. V. Babcock's appeal to the Labor Board at Washington, which previous appeals a week or more when the strike first thratend, ruled that the board had no jurisdiction in the case. While the firemen were in meston a telegram was received from the secretary of the board stating that a representative of that body would be in Pittsburg Monday morning to assist in adjusting the wage differences between the firemen and the city government if the men would return to work im-

mediately.

The firemen agreed to return to work at once if Mayor Babcock and C. B. Pritchard. Director of Public Safety. would agree to restore them to their old status and positions. This the city offi-cals agreed to do and at 6 o'clock the

The strike had been threatening for several months, the firemen contending that when the police received an indecrimination was shown in giving green only \$5 more. Before the announcement that the

During the few hours the strike was in progress this afternoon fire broke out in the downtown district. Apparatus was manned by volunteer citizens, industrial workers and a delegation of students from the officers' training camp here. The firemen were meeting at the time and when they heard the alarm some of them left the hall to take places on trucks and hose wagons before they reached the scene the blaze had been controlled.

This was a delightful surprise to the Adjutant-General's office, for it had figured on a lesser number. Yesterday's registration was 20 per cent of that on June 5, which was for the period of a year. The registration yesterday was for only two months and nineteers days.

Just what percentage the Jewish registration will be to-morrow is conjecture, for, it is said, many of them registered yesterday between 6 and 9 P. M.
